Featured Artist: C-Weed Band

Errol Ranville is the heart and soul of the C-Weed Band, a legendary country rock band from Winnipeg, Manitoba Canada. "I've been playing since I was a kid," he begins. "We played for about 15 years and finally recorded and had a number one song across Canada, so that kinda kicked off our Career. Twenty some albums later, some really lights, some lows, her we are." In addition to recording so many albums and sharing the stage with many country greats like Toby Keith and Willie Nelson Errol has published books and been the subject of television programs. Errol Ranville's "Run as One - My Story" is available on the band's website. He spent years operating night clubs across western Canada under the name *C-Weeds Cabaret* to stage young up and coming country artists. Errol was also the subject of a television program called "The Road to Here: The Errol Ranville Story"

Featured Artist: C-Weed Band (continued)

Which aired on CBC Manitoba.

The track "Magic In The Music" defines the spirit of both Errol and the C-Weed Band. "I wrote that song driving from Ottawa, the nation's capitol, back to Winnipeg, where we reside. It was supposed to be a southern rock song, but the producer, was going a bunch of reggae with George McCrae, and had that sound in his mind. When I brought in the song"Magic In The Music," he changed it to kind of a reggae beat."

The CBC television show, "The Road to Here: The Errol Ranville Story," showcased Errol's storied history and force as a singer and songwriter. "It was an ongoing project for a couple of years, it was an ambitious project. It turned out really well. You can watch the show on YouTube at this link.

Another song that encompasses the vibe Errol puts forward is called "Bringing Home The Good Times." "What stands out to me personally about the song," he begins," is I won the "songwriter of the year" award at the Manitoba Country Music Awards. I was most happy because my dad was in the audience, which made it really special.

Errol also wrote a book called "Run As One," which is the story of poverty and triumph and is an inspirational story of his life, overcoming obstacles, and seeing light at the end of the tunnel.
